Langley Hospice Society & Foundation

Annual Report

April 1, 2016 - March 31, 2017

Executive Director's Report

Upon reflecting on this past year, I cannot help but think that this has been one of the most exciting years in the history of Langley Hospice Society - and the excitement isn't over yet! For over 33 years, we have provided key programs and services for our community, all the while working tirelessly in the background for a new hospice residence. The work we do is exceptional and I am delighted to say we are leading the way with respect to our child and youth programming and excel in the delivery of our other programs and support services. As the demand for services increases, we continue to strengthen and adjust our programs and support services to match the needs of our diverse client base.

We experienced some staffing changes this year. Linda Sheridan, formerly Child & Youth Program Coordinator, has moved into Adult Bereavement as Coordinator. Wendy Shashikata and Ria Brand joined our Child & Youth Program, with Wendy as its Coordinator and Ria working specifically with teens and youth. These changes have had a positive impact on each Program as new groups and activities have been successfully introduced which you will read more about later in this annual report.

Second Story Treasures continues to thrive, providing us with 34% of our annual funding. In December we welcomed Roz Molnar as second Assistant Manager and are delighted to have her on board. I can't say enough good things about the staff and 80-plus volunteers that help make the store what it is. We are so very proud and express our sincerest gratitude to everyone for their dedication, hard work and creativity. Donations are always needed so please do keep us in mind when you are spring, fall or whenever cleaning! Furniture donations are also gratefully accepted; however, due to space limitations, an appointment is necessary to ensure we have the storage.

Our volunteers continue to be the heart and soul of Langley Hospice, providing exceptional service to our community whether through our Board, our programs, at the residence, for events, at the office, or through Second Story Treasures. We simply would not be who we are today without our volunteers. No task too small, as each volunteer approaches their work with passion and great pride. Thank you to all.

The reality of a new 15-bed hospice residence has finally come to fruition. We have been working extremely hard this past year to move it along and are delighted to be at a point where plans are almost complete and construction can begin. With our funding confirmation from the Province of BC, Fraser Health, BC Centre for Palliative Care and the Township of Langley in March, we can now proceed with the building permit process and site prep work late this summer. Our partnership with Fraser Health's Palliative Care Team has been invaluable – we make a great team and look forward to continuing to work closely together. A special thank you to our LHS Board for their tireless work with respect to the new residence, as they have been and are the driving force behind the project.

This has been a momentous year for the Langley Hospice Society. We have developed important partnerships and, more importantly, continue to contribute substantially to the community by providing a much-needed continuum of care through our programs and support services. It is an honour for us to be a part of each individual, each family and each child/youth's journey that we serve. I have great appreciation, respect and gratitude for all our volunteers, board members, donors, funders, and staff that value what we do and who invest their time and money to support Langley Hospice Society.

Respectfully submitted,
Nancy Panchuk
Executive Director

Adult Bereavement Support

In September 2016 I made the move over from Child and Youth Bereavement to the Adult Bereavement Program. I would like to thank all the parents and families for bringing their children to Langley Hospice Society. I would also like to sincerely thank all of my young teachers, especially those five-year-olds who taught me so much about loss and grief and how to cope. I carry their wisdom forward in to supporting adults.

This year, with an increased community awareness of Langley Hospice Society, we have experienced an increase in demand for services. We are providing a variety of year-round services to support the needs of the clients we serve. This past fiscal year the Adult Bereavement Program provided 1,432 contact hours of support to 604 people.

As well as one-to-one support, community workshops and presentations for clients, community organizations and in-house training for volunteers we have provided the following services:

- Three 10-week support groups
- Monthly coffee mornings for moms who have lost babies
- One loss support group for parents who have lost adult children
- Fall, 2016 - biweekly widows' coffee mornings
- December, 2016 - two "Coping Through the Holidays" workshops and a "Journey Through The Holidays" memorial event
- February, 2017 - yoga sessions, which will continue through the summer
- Five "Cooking For One" evenings for people who have lost their partners
- A year-round Walking Group that walks one morning a week

Due to the demand for services, Langley Hospice Society will be providing training to 21 people who would like to volunteer in the adult bereavement program in June, 2017. We have recognised the importance of having a team of volunteers to assist in providing these much-needed services.

I would like to thank Brenda Singbeil - who has volunteered with the Adult Bereavement Program for eight years! - for all of her work over those years helping with the widows' coffee mornings and Christmas events, and her support as I transitioned into my new role. Many thanks to Maureen Davies and Elizabeth Fricker for co–facilitating support groups with Brenda this year, and to Kerry Child for volunteering with the moms' coffee morning and Christmas events.

I would also like to thank Carol Collett for leading our Walking Group for two years, and for assisting with the widows' coffee mornings. Thank you to Roy Clements and Dale Attrell for assisting Carol with the walking group, to yoga teachers, Alenna Langhorst and Hailey Haverston, and to Shawn Siak and Sue Westhaver for helping with research and resources.

A big thank you to Angie Quaale, Chef Sue Wiebe, and all the staff from Well-Seasoned Gourmet Food Store for hosting the "Cooking For One" classes funded by the G&F Financial Group, and for providing our clients with fabulous and informative evenings.

Linda Sheridan
Adult Bereavement Program Coordinator

May, 2015

Child & Youth Bereavement Support

2016/2017 Highlights:

- One-to-one service for children and teens: 212 clients served from April/16 to March/17
- Grief support and outreach to local elementary and secondary schools, including loss support groups and art-based support
- Activity-based support programming through summer and winter day camps; outdoor, teambuilding and leadership training through Omada Youth Events
- "Supporting Grieving Children" Training for counsellors, teachers, post-secondary students and volunteers
- Local school presentations: Planning 10, Wellness Week
- BC School Counsellors' Conference presentation

Spring Break Event: With a generous grant through the **City of Langley Parks and Recreation**, we held two gym mornings at Timms Community Centre that offered high energy activities to help release physical energy.

Camp Chrysalis: 30 campers and 10 leaders went through Superhero training at Camp Chrysalis 2016! Fueled by delicious food cooked by Jaclyn and Dominic, our Superheroes enjoyed 4 days and 3 nights of sun, fun and memories!

Coast Capital Savings: Langley Hospice Society was the recipient of a generous grant of $25,000 from **Coast Capital Savings Credit Union** to fund grief support programming for youth. This funding helped us provide:

Teen Training: In partnership with School District 35, Langley Hospice provided a 10- week (30 hour) training for students that focused on how to support grieving children and youth, and build peer mentorship capacity at the high school levels. After the training, the students were expected to complete a 60-hour project, some of which included a journal resource, school presentations, and research into music and grief supports.

Pre-teen Digital Story Telling Camp: Pre-teen girls attended a 2-night camp at oTENTiks in Fort Langley. The camp allowed these girls to connect through activities and art, including a project which involved taking pictures and recording narratives for a digital story telling resource, and producing a 15-minute long video that will be used for training purposes, so the audience can hear how death can impact a young person's life. Thank you to Jamie Brand from Halcyon Media for putting together the digital storytelling video, and to the **Soroptomist International of the Langleys**.

Teen Camp at Camp Timberline: A two night camp was held at Camp Timberline Ranch for youth aged 12 to 16 to connect and enjoy the outdoors. This amazing facility offered horseback riding, archery, swimming, a team-building course, ropes course, rock climbing and a petting zoo. The friendships and support that the teens displayed towards each other was an amazing outcome!

Omada Events: Through TWU Langley's Omada Teambuilding Program, we booked five events that focused on leadership and outdoor activities for youth aged 12 to 16, including a high ropes course, scavenger hunt, hiking, and leadership training. The events provided a chance for the youth to connect with each other, learn leadership and team building skills and also to try new and different activities.

Teen Art Groups: Creative Journaling: We offered two creative journaling art groups at Langley Secondary School for teen girls who had a loss or were experiencing an anticipatory loss, which led to an additional group, offered at Langley Hospice Society's Supportive Program Centre. The creative journaling was a way for the teens to express their feelings and thoughts through art, using various mediums, and to have conversations with each other in a casual yet supported discussion format.

Instagram: We have created an Instagram account! Our **#lhteentalk** will be our space to post grief resources for teens as well as showcase some of the events and activities that we have been doing with our youth. This popular social media resource will be a way for teens to find and reach out to contact us if they require grief supports.

Thank you to our amazing volunteers: Konnor Mitterer, Chiara Casellato, Rachel Batty, Emily Thiessen, Dominic Fricker, Alexis Heibein, Thomas Hurley, Makayla Hurley, April Fanstone, Lina Sua, Brendan Suto, Jazlyn Melnychuk, Davis Scholz, Jessi Delacherois, Freya Carson, and Laura Tomalty, and to the wonderful Caring Hearts Quilter's Group; also to Practicum Students Rachel Rudy (UFV), and Jade Campos (Douglas College), and to Audrey Milne, Career Resource Teacher at SD35.

Wendy Sashikata
Child & Youth Bereavement Program Coordinator

Palliative Support & Langley Hospice Residence

Another wonderful year has come and gone and while some were busy - and still are - planning for a new residence – the existing residence has continued to provide excellent service to patients and their families while maintaining a "homelike" environment. Helping to make that service run smoothly is a great group of versatile volunteers, bringing diversity of care with their own personal touch. This group of 51 volunteers collectively gives of their time 12 hours a day, seven days a week.

One of the tools they use to help patients relax, and sometimes alleviate pain, is energy work in the form of Reiki and Therapeutic Touch. Trained volunteers offer this gentle treatment to the patients, but will often extend that to family members and staff. What is often important in life are the small things, and our volunteers are very good at looking after the "small stuff": walking with a patient, sitting with them outside in the sun, making special coffee ("double-double") with a smile, holding hands, a nice foot rub - bringing reassurance in a time of anxiety and challenge, and creating a special space for the patients as well as their families.

We have been responsible for the upkeep of the grounds and the gardening at the residence. This year, we removed some stumps and added more crushed rock. Our volunteer gardeners did amazing work throughout the year with bulbs, dirt and planters – making an eye-pleasing display, and really adding a beautiful welcome to all that enter this place.

Langley Hospice provided two Basic Training sessions during the year, for those interested in expanding their skills in providing support for people who are dying and bereaved. This training also allows the participants to become volunteers as companions to the dying and bereaved, either at home and/or hospice residence. During the year 28 people took the training. The comment I've heard most often is "This training should be taken by everyone". Our office and store volunteers do sometimes meet grieving people through their work, so a condensed training was provided to help them navigate potentially difficult conversations.

Residence volunteers often help provide extra hands to the nurses during meal times, and eighteen have taken the feeding course this year. As well, ten volunteers participated in the Spirituality Training which complements the basic training in supporting our clients.

A partnership formed with Langley Lodge enables them to reach out to us for our vigil volunteers to be at the bedside of patients in their last hours and helps bring peace to families. In the last year, twelve patients were supported, which was greatly appreciated by families and welcomed by Lodge staff. A presentation was also made to the "Langley Seniors Community Action Table" on the Palliative Program, and was well received by the participants, who were from several local agencies that support seniors.

This year we received many referrals to provide support in the community. Even if it is sometimes for a short duration, providing respite to a caregiver or companionship to the dying in their own surroundings can make a big difference for all concerned.

Welcoming front garden at the Langley Hospice Residence

Volunteer Programs

A welcoming face at Second Story Treasures Thrift Shop, a supportive touch at our Langley Hospice Residence, a friendly smile at Camp Chrysalis – our camp for grieving children; these are just a few small examples of the impact that our volunteers have within our organization. Volunteers are the heart of our programs, we are blessed to be able to attract such high caliber individuals. Without our amazing volunteers we would not be able to support the community the way we do.

Last year **236** volunteers took time out of their busy schedules to donate more than **33,700** hours to us. Their gift of time ranged from a few hours at one of our special events to hundreds of hours supporting our thrift store or client programs, and is greatly appreciated.

When I was looking over the compilation of donated hours I realized that two of our volunteers are very close to having 10,000 donated hours each during their time with us! Hendrika K. is one of those volunteers; last year alone she donated 2,245 hours working within our Caring Hearts Quilting Group, making quilts for our Children's Program.; another is Shirley R., a 15-year veteran, who donated 779 hours last year, volunteering at our thrift store Second Story Treasures helping to make the clothing area look amazing.

Thank you! It is individuals like these two ladies—Hendrika, Shirley and all of our volunteers - that highlight the dedication and support we are blessed to receive within our community.

Last year we hosted four volunteer orientation evenings that provided a snapshot of who we are, what we do, and touched on how to support a grieving individual. These orientations were open to current volunteers and anyone in the community that would like to attend. Sessions were very well attended with a total of 61 participants, of whom 49 individuals have since gone on to join our volunteer family.

Our Langley Hospice Society website has seen incredible growth this past year. We have added a whole section dedicated to providing our volunteers and the community with up to date information on our new hospice residence. Being able to update our website with upcoming events, trainings and resources on our own time, plus having the ability to tweak the look of pages, has been an asset in volunteer recruitment and in advertising for our events. Last year a total of 11,394 individuals visited our website!

Community Engagement & Fundraising

With diverse but limited funding sources, the Langley Hospice Society continues to fundraise annually to be able to continue to offer quality programs and services through our Supportive Program Centre, to meet the growing needs of the bereaved children, teens, adults and families we serve. This includes pursuing grant applications and other sources of funding. This past year we received a number of grants that assisted us in the delivery of innovative and client-centred grief support programs, including:

- a Coast Capital Credit Union grant of $25,000 to fund our Langley Hospice Society Youth Grief Support and Outreach Program;
- a G& F Financial Group community grant of $3,400 to fund four sessions of our Cooking for One Program, and a $3,200 grant from the Living Waters Church in Fort Langley, to fund an additional four sessions of this unique program partnering with the Well Seasoned Gourmet Food Store.
- support from the Soroptomists of Langley that provided funding in the amount of $2,500 for a leadership and grief support program for pre-teen girls.

The summer saw a flurry of activity with a number of our annual activities keeping staff and volunteers busy…

- The Annual ***West Fine Art Show – Remembering*** at the Thunderbird Show Park, in late August: Thunderbird has hosted this fabulous show and sale for the last three years in a large tented gallery onsite. We would like to extend our gratitude for their generous support. This amazing gathering of some of the West Coast's finest artists has seen a portion of the art sales support the Langley Hospice Society with a combined total of over $40,000.00. The 2017 West Fine Art Show is moving to a BRAND NEW location, hosted by the DeJong Family at their recently opened Glass House Estate Winery in South Langley, September 8-10, 2017.
- The ***Annual Butterfly Release,*** held in partnership with the Langley Care Foundation, continues to be a great success. Hosted each July at the Krause Berry Farms & Estate Winery, the event saw beautiful butterflies released in the gardens in memory, and in celebration. This year's release is scheduled for Saturday, July 8th and we are receiving pre-orders for butterflies well in advance of event day.

- Our ***Annual Garden Party;*** hosted on the grounds of the Langley Hospice Society's Supportive Program Centre in August played host for a special evening in the gardens. Guests heard from Langley Hospice volunteer, Carol Collett. She spoke earnestly about her family's experience and her husband Kevin's final days in the hospice residence, and about the support she received through the one-to-one and group grief support programs offered through our Supportive Program Centre.

We extend our gratitude to the many companies and organizations that provided support this past fiscal year. Some highlights included generous support from:

- the Applewood Auto Group who chose the Langley Hospice Society as the benefiting charity for their Annual Christmas Party;
- Gateway Entertainment for their generous support of our Bereavement Support Programs;

Applewood Kia's Glen Daman and Alisha Schwarz with Shannon

- the Bloom Market, who chose the Langley Hospice Society as their charity of choice for their Christmas Market in Fort Langley;
- the Langley Lions who presented the Langley Hospice Society with a donation in honour of long time board member and one of our original founders, Dorscie Paterson as she celebrated her 104th birthday in January of this year.

In February, our volunteers were out in full force, cheering on the over 500 runners who participated in the **Fort Langley Historic Kids Run 5K 10K & Half Marathon** at the Fort Historic site— a new partnership for us with TRY Events.

We enter the new fiscal year with excitement as the new 15-bed Langley Hospice Residence becomes a reality. As we move forward, our New Residence Fundraising Committee still has some work to do, and we will be reaching out to the community for support to help us raise the additional dollars necessary to truly make our new house - a home. Our volunteer-led committee has a goal to raise $1,000,000 to help furnish and outfit the new 15-bed residence in order to create a homelike environment for all who enter its doors.

Shannon Todd Booth
Communications & Funds Development Manager

Second Story Treasures Thrift Store

It's been another exciting year for our Second Story Treasures Thrift Store in Walnut Grove!

Our successes are the direct result of our dedicated volunteers, the ongoing work that we're doing promoting our store in the community, and our fabulous staff team. The cumulative efforts of staff and volunteers have seen a substantial increase in donors and customers, which has resulted in Second Story Treasures surpassing our budgeted sales for 2016-2017 - our second best year in the past seven!

A noted area of concern, furniture sales are down from our previous year. This is directly related to not having the surplus of furniture we had last year that resulted from many generous donations from the a local family, and a lack of storage onsite for larger furniture items. Having a van or truck for transporting items would allow us to pick-up furniture on our schedule, allowing us to "store" product at a donor's residence and pick it up when time and space allows. We could also have the option of delivering purchased furniture, by donation. This would benefit our bottom line and assist in clearing the store faster.

The Second Story Treasures team set their bar high this year, always aiming to have the best year ever. I know that, with our dedicated staff and volunteers, this goal is attainable. My personal goal was to attain budgeted sales numbers and we did just that.

Always a highlight for customers, our Annual Fall Flip in August was a tremendous success due to the hard work of store staff and volunteers, with a two day sales total of $7,227.00. Our Spring Fling followed in March and didn't disappoint with a two-day sales total of over $7,900.00!

We are so incredibly awed by the pride and dedication we see displayed day-in and day-out by our volunteers and our staff team. As the saying goes, "*many hands make light work*", and Second Story Treasures is truly a successful team effort. We are looking forward to another successful year.

Deborah Campbell
Store Manager

Many thanks to all of our very generous supporters and donors!
